		1. Door description calls for 7080 RR Brink lock. That is a mechanical lock. The drawing on page 7 calls for an electric lock (RR Brink 5020) as well as a key override, intercom, indicator light, and DPS. Which lock is required and are the additional items listed also required?	The correct lock is the 7080 RR Brink mechanical lock.
		2. Sidelight description calls for 24" x 37" and 23" x 37" Level 3 3/8". Is this the same as the window referenced below?	The sidelight measurement is 8"X22"X1/2" Polycarbonate. The placement is 12-1/2" from top and 7-1/2" from right side of door. Please see updated specs
		3. Scope mentions windows that are 8' x 11'-2" (that seems huge) with detail on A-1. I did not see any window or sidelight details on A-1 (page 7). A frame elevation or photo might help to clarify.	N/A refer to question 2
		4. There is conflicting information on the glazing Level 3 – 3/8" Polycarbonate (Lexan) and 13/16" laminated (Glass Clad Polycarbonate). Both are Level III products just different types of glazing. Grade 1 is also mentioned. See attached brochure.	N/A refer to question 2
		5. A-1 also refers to floor and wall work. Except for grout filling frames, Is any additional	A-1 will be removed from the specifications as the drawings are not
